

SMART BLUE REGIONS PROJECT CONFERENCE

The role of regions in fostering blue growth

The SUBMARINER Network Service Offer

Efthalia Arvaniti PhD, SUBMARINER Network, Programme
manager

All our members benefit from the following services:

- **Promotion and representation of members' competences, interests, news and events** via all SUBMARINER Network channels;
- **Exclusive member access to all internal information**, incl. communication, Network events, study visits, job/intern placements and product offers;
- Coordinated support to thematic Network **working groups & set-up of project development consortia** (e.g. transnational, national);
- **Formulation and dissemination of policy-oriented position papers** on Baltic Sea Region and EU levels;
- **NEW! Expert advice & coaching in blue bioeconomy**, through the secretariat hub and directly across Network
